Smiles for Shut-Ins

A man with a beard, wearing a black top hat, a black frock coat, and tan trousers, stands on a grassy hill. He is looking towards a yellow sign with a brown border. The sign contains the title 'THE STORY OF COLONEL DRAKE'. In the background, there is a wooden building with a steep, conical roof, surrounded by a forest of green trees under a blue sky with light clouds.

Pymatuning Lake

Pymatuning Swamp, desolate but beautiful a century and a half ago, derived its name from the Delaware Indians. Translated the term means, "the crooked mouthed man's dwelling place." It was the favorite hunting ground of the Indians as has been proved by the many arrow heads, skinning knives, and other stone implements which have been *unearthed on nearby farms.*

Today Pymatuning Lake offers you first of all, FISHING. This is your chance to really have some fun! There is row-boating, sail-boating, picnic opportunities, peace, rest, and relaxation in general from your work-a-day world.

A student group from Binghamton, N. Y., sponsored by Practical Training Bible School. The students dress in costume of their native country and present Christ in a unique way.

NEWS FROM HOME

The New Year's Eve Service was a great blessing to many of our people this year. This was the initial New Year's Eve Service of our church. It started with the eight o'clock service and continued through the midnight hour. We prayed out the old and prayed in the new. If our Lord should tarry, may 1945 be a year of great spiritual growth in our church and throughout the world.

Henry Lewis, having recently come into our church, has been accepted by the Navy and is waiting to leave soon for service. God bless you Henry. Keep looking up and remember your pilot, the Lord Jesus Christ. He is the Captain of your life. Witness for him on the ship. His friend, Jack Hutchinson, was also accepted and is awaiting call.

On the night of December 29, the pastor's birthday, a group of young people came in bringing a box of groceries. They played games and a delightful fellowship was had. Strange—the young people did not know it was the pastor's birthday.

Mrs. Basil Morrison has been sick, but is much improved, for which we give thanks.

Mr. Syling, the jeweler from Greenville, prominent Christian layman, was with us in our service recently. He was accompanied by his son. We rejoiced to have them present. Mr. Syling has written a little booklet called *Extra Abundant Living*, published by Zondervan Publishing Company. It is very timely and true to the word.

Mrs. George Heile and Miss Ethel are still visiting in Brilliant, Ohio. They have been sick but are much improved. We are looking forward to their return soon.

The pastor recently had the pleasure of baptizing George Heile, William Gardner,

Joe Little and Henry Lewis. Pray for each of them that they might become all that God wants them to be.

Larry Miller, one of our Sunday School boys, is down with scarlet fever so we learn. Pray for his soon recovery.

Mrs. Florence Atkinson, mother of Mrs. Morrison, Mrs. Hum and Mrs. Amon, died recently. Her funeral was conducted by the pastor from the McConnell Funeral Home, Sharon, with interment in Transfer cemetery. Will each of you look unto Him who will supply your every need in these hours of sorrow and heartache? He says, "My grace is sufficient for you."

Among our recent visitors were Sgt. and Mrs. Malcolm E. Rowsey, Donald Rowsey and Miss Lois Crawford. Sgt. Rowsey and Donald Rowsey are brothers of Mrs. Goodman. Sgt. Rowsey and his wife are now stationed at Fort Bragg, North Carolina. From Pennsylvania dutch to Carolina tarheels. Donald Rowsey and Miss Crawford are from Richmond, Virginia.

Among other recent visitors were Mrs. Roberts, the mother of Mrs. Robert Morrison, from Erie, Pa. We welcome Mrs. Roberts often to our church fellowship.

Seaman 1-c Janet Morrison, one of our girls, has been with us on several occasions lately, and we are always glad to have her back. She keeps us in touch with Washington, D. C.

Pfc. and Mrs. Walter S. Morrison are the proud parents of a fine son, born Sunday night, Feb. 11, 1945. Pfc. Morrison is stationed at Fort Bragg, North Carolina.

Charles Hanley, of the Merchant Marines, one of our boys, was with us recently. At present Charles is on leave. He expressed his great appreciation for the privilege of being home.

The Bessemer Bulletin takes great pride in devoting substantially this entire issue to pictures of Bessemer employees in military service. Four pages have been added. Other pictures will be published when received.

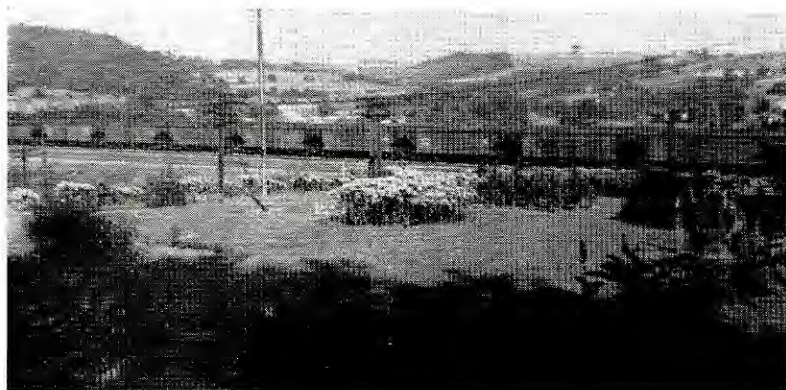

Each of this group is facing hardship and danger; not today, perhaps not tomorrow, but certainly in the too near future. Each is doing his duty as it comes to him.

It is for those of us who remain at home to dedicate ourselves to the serious task of supplying those things needed for the support of the servicemen. Their need is great; their right to be supplied is inalienable. We can do many things and, furthermore, WE KNOW WHAT THOSE THINGS ARE.

WHY SHOULD I BUY WAR BONDS?

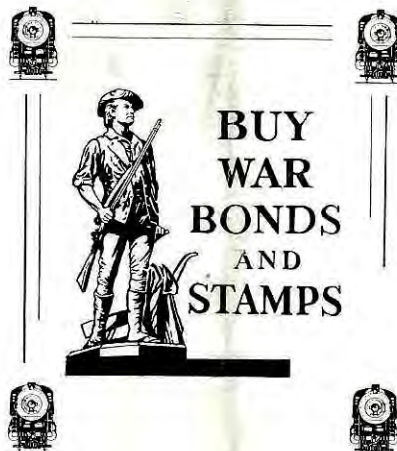

Many of my fellow employes have entered military service. I have been permitted to stay at home and have regular work.

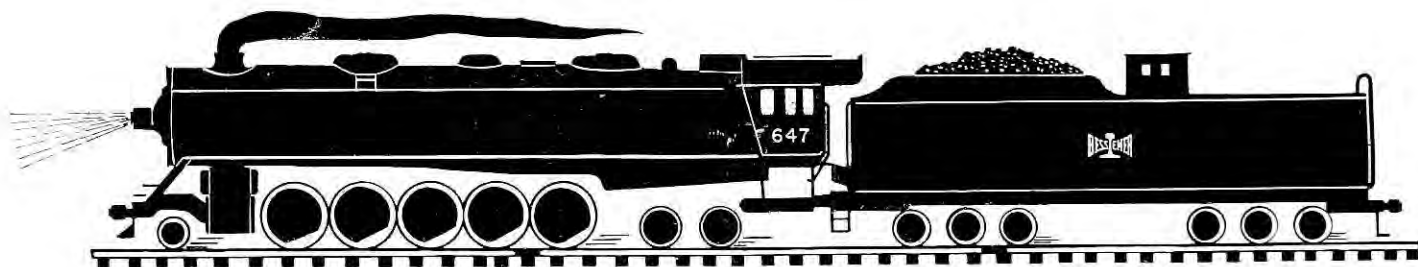

They receive \$21.00, later \$50.00, per month, sleep in pup tents, and work with little relief. I make good wages, have a comfortable home, can enjoy family and some social life.

They are, or will be, on the fronts throughout the World fighting to preserve the American Way of Life. I will work for war production and distribution. I must help to pay the bill. Unless I provide support in work and bond purchases, I will fail them.

Our Government has provided purchase plans under which *any* employe can buy War bonds. Our Company is cooperating in these plans, and bonds can be purchased by deduction under a variety of arrangements.

Ask your Foreman or Supervisory Officer to explain payroll deduction plan.

January, 1945

Nineteen Forty-five dawns with the knowledge that the War has still a long time to go. Compared with a year ago tremendous advances have been made both in Europe and in the Pacific but the events of December demonstrate that progress is not continuous and set-backs are possible. This requires quickly additional war materials and increases in the military forces and will affect the lives of all citizens. Railroad operations during the past year have been carried on with limited and inferior materials and supplies and shortages of employes; all engaged in operations, for example, know of the difficulties with lower quality locomotive coal from strip mines. Many have experienced the results of reduced working forces. We must expect these conditions to become more aggravated. More will be required and restrictions will be increased. The management records with appreciation the loyal efforts of our employes in carrying on under these adverse conditions at a time when all are burdened with great personal problems; faithful service has been rendered, improved safety has been sought, we have served our patrons in a manner to aid their war work, war bonds have been purchased and numerous war service activities participated in. We have demonstrated our willingness and ability to perform our difficult tasks. May our New Year's resolution be to continue to perform to the high standards established whatever the demands may be in this crucial year of War needs.

H. Snyder

1944

This issue of The Bessemer Bulletin is its ninth opportunity to extend greetings for a new year. No thoughtful person can expect a happy 1944. We do hope and believe that it will be a year of achievement, a push towards final Victory. But victory at a soul-searing price! Each one can help to keep that price down by doing a little more than his share on the home front.
